European Toolkit for Schools

E-EVALINTO

Date: 15 October 2021

WHEN WAS THE MEASURE FIRST STARTED?

The project was launched in 2016.

WHAT WERE THE CONDITIONS AND STEPS TAKEN THAT HAVE CONTRIBUTED MOST TO THE SUCCESS OF THE MEASURE?

Support of pilot schools and implementation of:

- E-EVALINTO Framework: design of the theoretical and methodological framework for implementing peer mentoring actions and for evaluating the situation of a school with regard to interculturality, identifying migrant students potentially at risk, peers to act as mentors and teachers' intercultural skills.
- E-EVALINTO Environment: development of an educational portal, which offers to schools and teachers a complete set of tools and activities to manage and evaluate the implementation of the intercultural mentoring programme with their students.
- E-EVALINTO Training Programme Design: a collection of digital contents to equip teachers and school staff with tools ready to be used for the implementation of peer mentoring actions with migrant or disadvantaged students at risk of early school leaving both in face to face and online modality.

WHICH STAKEHOLDERS WERE INVOLVED IN IDENTIFYING NEEDS AND IN THE PLANNING AND DESIGN OF THE MEASURE?

The project was funded by Erasmus+ and piloted with partner schools across Europe.

WHO WAS INVOLVED IN IMPLEMENTING THE MEASURE? WHO HAS KEY RESPONSIBILITY FOR IMPLEMENTATION?

The E-EVALINTO partnership consisted of six organisations including four Higher Education Institutions, an NGO and a Research, Development and Education Centre: University of Salamanca (ES); University of Cádiz (ES); Społeczna Akademia Nauk (PL); Dublin City University (IE); Oxfam Italia (IT) y Cardet (CY).

HOW ARE THE DIFFERENT PEOPLE INVOLVED IN IMPLEMENTATION BEING SUPPORTED (E.G. DO THEY RECEIVE SPECIFIC TRAINING?)

Yes, partners were trained during a specific internal workshop in the use of the ICT evaluation tools organised by the IO2 leader UCA and a second face to face session was held in Dublin during the 3rd transnational project meeting. In this way, the partner teams received the training they needed to be trainers of the teachers during the implementation of the teacher training in the local contexts.

IS THERE A MONITORING/EVALUATION SYSTEM IN PLACE? WHAT IS MONITORED?

No, the results and tools of the project are now available as an open resource.

ARE FURTHER EVALUATION PLANNED AND WHEN WILL THE RESULTS BE AVAILABLE?

No, the results and tools are available now as an open resource on the project website.

WHAT HAS BEEN THE IMPACT OF THE MEASURE?

The E-EVALINTO project strengthened the profile of teaching professions by introducing in classroom innovative intercultural strategies, that allowed teachers to access or create by themselves tools and materials for their daily teaching practices and the climate of inclusion and confidence among students at school, by enhancing the development of inter-relational competences and reducing also the stereotypes concerning languages and cultural diversity.

WHAT RESOURCES ARE INVOLVED (MATERIAL, SPACE, AMOUNT OF FUNDING)?

EU Grant: 121,994 EUR, website with resources, educational portal, framework for peer mentoring, teacher training programme.

IS THE MEASURE STILL RUNNING? IF NOT, WHY NOT?

At the moment the educational portal offers the possibility both to access helpful resources for teachers through the E-EVALINTO repository and to use digital resources and evaluation tools by creating an user profile in the E-EVALINTO Virtual Campus.
